# Best Recognition

## Customised Power and Data Cables made by Major

Major offers the customisation of all power and data cables with unique printing. Words and lettering as well as graphics such as logos etc. can be printed on the cables. All you need to do is send us your text or logo.

Apart from the benefit of advertising, a customised cable also has the big advantage of being easily recognisable - minimising theft potential! Furthermore, cables can easily be sorted or assigned without becoming mixed up after a rental scenario!

### The advantages at a glance

- + High recognition value
- + Mix-up is impossible
- + Easily identifiable in case of theft
- + An innovative advertising medium for your company
- + Easy checking of the cable length when printed

Logos and unique lettering is possible – please contact us.

White text is printed on either grey or black cables.

The professional printing machine in our Major workshop

# Choose Cable, Connector and Logo – We will deliver it!

1

## CHOOSE CABLE AND CONNECTOR

We supply the requested cables and offer a variety of connectors for your individual needs.

2

## ORDER DETAILS

Tell us the details of your print requirements.

**Your contact:**

**Andre Raude, Product Specialist**

**T 0 52 51.140 92-28**

**sales@plp-international.com**

3

## E-MAILING THE LOGO/PRINT DETAILS

Please send your company logo and / or the requested printing via E-mail.

**Max. size: 96 x 900px**

4

## PRINTING PROCESS

We prepare our machine for the printing. Approved materials and a professional technique ensure best possible quality for your customised cable.

**Please note: The printing is white on grey or black cables, up to a diameter of 33mm (1.3inch).**

Major belongs to the Lightpower group of companies. Lightpower is an internationally renowned distributor for professional stage lighting and show technology equipment. The company offers a unique product synergy together with a comprehensive package of services – in the theatre and television sectors as well as for live stage and all other areas of entertainment.

All Major products like luminaires, power distributions, cables and connectors, dimmers, rigging and safety ropes as well as colours and effects are built in Germany and have earned themselves a great reputation for being used on multiple international projects over the years. Major products are high quality and have been adapted following direct communication with our customers to fulfil their needs. Major products solve problems and are made for daily use, offering an optimised price-to-performance ratio.
