# International Retail Price List

## Custom Made solutions made in Germany

**If there is a need for a custom-made solution, Major is the one to talk to. Major is specialized in building highly flexible products tailored to the needs of the customer.**

### Customized Power Supplies

Major offers customization of its power supply units. All Special 19" power distribution units, switch-packs/boxes and rubber-boxes can be implemented quickly to meet your requirements: We can adapt the number and type of inputs and outputs, and of course add plug-in connectors from other countries.

Even the type and color of the housing is flexible. Likewise with currents up to 600A, flexible fuse protection and voltage, installation sizes of up to 40U, the numbers and types of RCD, RCBO, MB can be varied and many more elements.

### Customised Power and Data Cables made by Major

Major can tailor all power and data cables to your needs – all and any lengths and connectors are possible.

Furthermore words and lettering as well as graphics such as logos etc. can be printed on the cables. All you need to do is send us your text or logo.

Apart from the benefit of advertising, a customized cable also has the big advantage of being easily recognizable – minimizing theft potential! Cables can easily be sorted or assigned without becoming mixed up after a multi-rental scenario!

### The advantages at a glance

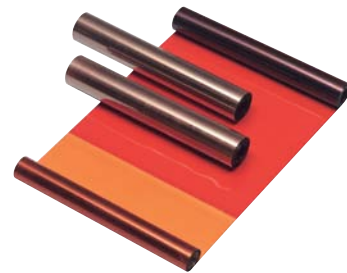

- + Quick recognition
- + Mix-up is virtually impossible
- + Easily identifiable in case of theft
- + An innovative advertising and branding medium
- + Easy to check cable length info (when printed)

### Colour-strings

Our „Standard“ Colour-Strings made from Rosco Supergel consist of: 0, 9, 15, 317, 65, 19, 68, 21, 370, 26, 312, 371, 49, 79, 58, 339, 95, 56, 382, 90.

A further 500 string variations are available on request. The choice is yours: whether you need standard lengths and equipment, a mixture of equipment or varied numbers of colours, your wishes are met quickly and flexibly with the best possible quality finishing. We process primarily Rosco filter products, but other reputable manufacturers' goods, such as LEE, are available at all times, so please do not hesitate to contact us.

Also, please feel free to use our PDF string service form for easy requests: [www.major-lighting.com/string-service](http://www.major-lighting.com/string-service)

### Please note!

The cable prices in this price list are just an overview at the time this catalogue went to press. Due to the fact that the prices for raw materials such as copper can vary substantially, we will be happy to give up-to-the-minute prices.

Please contact us: Phone +49 52 51.140 92-28

This price list offers a complete overview of our product range. It is designed to be used in addition to our extensive product information available on our website. The articles in this price list are classified in alphabetical order.

This price list is valid from 1st of April, 2016. All previous International price lists are herewith not valid any longer. All listed prices are ex works Paderborn, Germany and exclusive of V.A.T., custom clearance, taxes or duties.

Major Lighting is distributed globally by PLP International.
